Local Sailor Entertains in S. Vietnam

Quite a number of Irma folk have enjoyed seeing the picture of Leading Seaman Bill Blades and Bob Heans as it appeared in several leading newspapers and magazines all across Canada. Bill Blades is the elder son of Mr. and Mrs. Norman Blades of the Irma gas camp, and he and his pal are depicted as two make-believe pirates entertaining children at an orphanage at Saigon in South Vietnam.

These Canadian seamen were part of the crew of H.M.C.S. Crescent which sailed recently for an extension cruise, in eastern waters and were hosts to a hundred and fifty orphans. In the picture with Bill and Bob are charming little twin girls busily eating some delicious looking layer cake. Bill told his parents that these two pretty little girls were also clever acrobats and they in turn entertained the sailors.

Kinsella News

Mr. and Mrs. Wallace Clark of Sedgewick were visiting at the home of Mr. and Mrs. E. Murray recently.

Mr. Malcolm McKie left at the weekend to take up a position in the CNR offices at Estevan, Saskatchewan.

George Loades and Herb Armitage were home from Camrose College for the weekend.

Miss Margaret Murray of Camrose visited at the home of her parents recently.

Mrs. H. Rayment of Edmonton was visiting friends in the district last week.

Mrs. Wylie Brown and Mr. Dave Brown were in the city last week.

The Misses Jenny Kosteriva and Elsie Belyak, who are taking a nursing aid course in Edmonton, were home for the week end.

The sympathy from the Kinsella friends is extended to Mrs. "Dick" Candy and family on the death of Mr. Candy. Mr. and Mrs. Candy were residents of the Kinsella district before moving to Killam.

Work commenced on the Kinsella to Loughheed road last week. Widening and building up of the road is under construction.

CHURCH SERVICES

UNITED CHURCH

Sunday, Sept. 21st
ALBERT: Sunday School and Worship 10 a.m.
IRMA: Sunday School 10:30 a.m.
Worship Service 11:30 a.m.
Come and worship.
H. W. Inglis, Minister.

ST. MARY'S CHURCH

There will be Celebration of Holy Communion in St. Mary's Church on Sunday, Sept. 21st at 11 a.m.
The September meeting of St. Mary's WA will be held at the home of Mrs. Clifford Firkus on Thursday, September 25th at 2:30 p.m.

Weekly Inspirational Corner

(Sponsored by an Irma Times reader)

Moreover, brethren, I declare unto you the gospel which I preached unto you, which also ye have received, and wherein ye stand;

By which also ye are saved, if ye keep in memory what I preached unto you, unless ye have believed in vain.
For I delivered unto you first of all that which I also received, how that Christ died for our sins according to the scriptures;

And that He was buried, and that He rose again the third day according to the scriptures. — I Cor. 15:1-4.

NOTICE

There will be a Turkey Shoot at the Art Larson Farm on Wednesday, October 8th at 1:30 p.m. Full particulars later.

EASTERLY ECHOES

A group, consisting of Mr. and Mrs. A. Cook, Mr. and Mrs. C. Smallwood, Mr. and Mrs. W. Dootson, the Misses Marence Orton and Mary Greaves spent an enjoyable evening (Thurs.) at the George Fischer home, for the purpose of making a tape recording to send to Mr. and Mrs. A. E. Orton in England. As Flying Officer Don Fischer makes periodic visits to the Orton home, we expect he will also be able to hear it. We sincerely hope Ted, Sadie and Don will have as much enjoyment listening to it as we had recording it.

Incidentally the Ortons are always pleased to have any former Irmaites come to visit them (have had several already).

Mr. and Mrs. Joshua Holt accompanied Mrs. and Mrs. Sam Orton of Edmonton to Saskatoon recently, to spend the weekend with their daughter, Mrs. J. Barritt.

Miss Marence Orton and Miss Mary Greaves left Irma by bus Friday morning for Calgary, where they planned to visit with Mrs. Edna Smith, then on to commence their duties in the Taber hospital Monday.

The girls were so impressed with their stay in the Irma district they vow they'll be back at the first opportunity.

In spite of harvesting operations coming to an abrupt halt at the weekend owing to the heavy rain, the folks are still busy digging potatoes, hauling ties, stocking bales, even getting in a bit of duck hunting. Frank Crabbe managed to get a better some skunk.

Mr. and Mrs. Albert Potter and family of Ponoka visited at the home of Mr. and Mrs. Delbert Galloway on Sunday.

Mrs. H. Power of Hermiston, Oregon, visited at the home of her niece, Mrs. Ted Hill.

Mrs. J. Jackson is attending the annual Tea of the Protestant Home for Children in Edmonton (Wed.) Mrs. J. Jackson has the honor of pouring tea.

Mr. and Mrs. Ken Steele and boys, Mr. and Mrs. Bob Milton and family, were Sunday visitors with the Bill Walkers.

OPTOMETRIST

D. A. Mathieson, R.O., 205 Birks Building, Edmonton, Alta., will be in Irma at the Hotel on Monday, September 22nd at 2:30 p.m. For appointment see Mrs. Lang at the Drug Store.

OUR THOUGHTLESS WORDS

The other day a little child was hurt most tragically. She may be crippled for her life. I hope this may not be. Oh no, she wasn't struck by train or mangled by a car. But just the same this accident may always leave a scar. This accident was caused by words, so thoughtlessly accusing. This little girl of stealing things, some thought it quite amusing.

This word of theft was told to me, and I so straight and prim. Accused her of this awful thing, her eyes filled to the brim. I still can see the little face, and fearful tear-filled eyes. They've haunted me, and always will, just caused by thoughtless lies.

So may we all be very sure our words are always true. Don't say a thing, if YOU would mind, if it was said of YOU.

Ah, words can be such dangerous things, when handled carelessly.

The harm they do, when falsely used, can hurt so dreadfully. God gave us words to do His will, and may it ever be.

That we will always use words RIGHT, that's meant for YOU and ME.

—Contributed.

WITH THE District Agriculturist

By J. S. Duncan

Vegetable Storage:

Potatoes and other vegetables will soon be coming in from the garden. Most basements are too warm for good storage and so a lot of these vegetables will not keep properly. Temperatures of 34 deg. F. to 40 deg. F. are best for storage. In order to get and keep these temperatures the storage room has to be insulated and ventilated. Moist sand or peat moss will help to keep the proper humidity.

Trees for 1959 Planting:

Supplies of trees for planting in 1959 are getting low. Anyone who has land summerfallow and ready for trees but who has not yet made application should get their application in right away. These trees are supplied to farmers free of charge and are shipped out about the first of May. The Municipal tree planter will be available for anyone with enough trees to justify the use of it.

Start Feeding Calves Now:

Pastures are dry and cows aren't milking very much so a few oats fed to calves will prevent them from going back. A couple of pounds of oats per day per calf will keep the calves gaining and can make 100 to 150 lbs. per calf difference next spring. This extra weight is cheap when put on now.

Warble Control:

A new product CO-RAL which is sprayed onto cattle in the fall looks to be what we have been looking for. It is easy to apply and acts as a systematic insecticide. In this way it gets rid of warbles before they do any damage to the cattle. While the cost may seem high compared to derris powder it must be remembered that by preventing damage to the hide, the farmer gets better gains and reduced trimming loss at the packing plants.

Jarrow News

Mrs. Orzechski Sr. had the misfortune to fall from a ladder while painting, hurting her arm and shoulder. She is at present a patient in Viking hospital.

Mrs. Jamieson has also been a patient in Viking hospital the past week. We wish both a speedy recovery.

Mrs. Matthew Sr. of Lethbridge is visiting at the home of her son, Mr. Jimmy Matthew. Mr. and Mrs. Jim Matthew and girls of Vegreville were also Sunday visitors.

Mr. and Mrs. C. Sonett and family visited with the W. McEthinney's at Provost on Sunday.

Mr. Bob Raymond left on Tuesday for his home in Toronto to resume his Theology studies.

Mr. and Mrs. Lawrence Overby and family visited at the A. Overby home over the weekend.

Echo - Rodino

Mrs. Helen Rayment of Edmonton, has been renewing old acquaintances in the Rodino district. She also attended the September meeting of the W.A., of which she was once the president. She relates many changes in statistics here—new faces, older faces, larger farms and advancement in farming methods.

A. Winfield Jr. has been to the city this week.

Robbie Johnston is a patient in Viking hospital.

Mrs. H. Vandervate, Mrs. W. Revill and Miss Pamela Page, spent Thursday in Camrose.

Mr. and Mrs. P. Holt and boys spent a weekend at Grand Centre visiting Mrs. Sid Pavely.

Mr. and Mrs. Jim More and their friends of Bethel, Washington, dropped in for a day at the home of Phil Holt. Other visitors this week were Dr. Max Saville and Maxine of Wainwright.

The weekend visitors at the P. Holt farm were Mr. and Mrs. R. Alexander and son Larry of Edmonton.

birth of twins, a boy and a girl, on September 11th at Vermilion, to Mr. and Mrs. Sydney Cooper (the former Beth Ellwood).

FARM GROUPS UNHAPPY OVER EGG PLEBISCITE

EDMONTON—Farm organizations have expressed disappointment over the results of Alberta's second egg marketing board plebiscite.

The results announced last Wednesday showed that not enough poultry producers in the province voted in favor of the board. A 51 per cent majority was needed, and the "yes" votes worked out to 40.62 per cent of producers registered.

W. J. Harper, chairman of the egg marketing committee, set up jointly by the Alberta Federation of Agriculture and the Farmers' Union of Alberta for the vote, said the results show clearly that the Natural Products Markets Act, under which the plebiscite was held, is "basically undemocratic."

Mr. Harper took exception to the procedure whereby the 11,109 registered producers who failed to vote were counted as not favoring the board.

"Farm organizations cannot agree that this is a democratic procedure," he declared.

The head of a large Edmonton independent firm which deals heavily in eggs took the opposite view to the farm spokesman.

He said that while he wasn't actually against producer boards he didn't see where farmers would benefit if one was set up.

"The producers are enjoying good prices for their eggs," he declared, noting that the federal government also has a price support plan for eggs.

"If a board was set up it would be a costly and involved operation with no great benefits resulting."

FUA Plans 1959 Membership Drive

The Farm Unions of Ontario, Alberta and British Columbia, who are members of the Interprovincial Farm Union Council, are this year promoting National Farm Union Week. This is being done to co-ordinate the publicity and advertising for membership campaigns. All provinces will be conducting an all-out canvass for members during the week of November 3-9.

It has been announced by D. C. McCorkle, executive assistant of the F.U.A., that plans for Alberta's 1959 membership drive are now complete.

It is expected that the members of the F.U.A., who are representative of over 277,000 farms in Alberta, will easily reach their objective for this year of signing 40,000 family farms.

Included with the Membership Drive will be the signing of Requisition Forms authorizing the collection of Dues through Municipal Offices. This scheme has come about by legislation passed by the Provincial Government last session. This legislation enables the M.D.'s and County Councils to enter into such an agreement if they so wish. This type of collection of Dues is purely voluntary for both the Council and the farmer.

Home and School Association Held First Meeting of Season

The Irma Home and School Association held its first meeting of the season on Monday, September 15th with a good attendance out to hear a delightful, interesting and informative talk by Mrs. Fischer on "Beginners"—what to expect from them when they first come to school, age of starting, what is taught to them, and what to expect from them by the end of the term.

Returns from Holiday In England and Wales

Mr. Pryce Jones was renewing old acquaintances in Wainwright and Irma last week. He has just returned from a wonderful six weeks holiday in England and Wales.

Mr. Jones called on the Irma Times with a grand collection of pictures that he took himself. Many of them are in color. He has written a good account of his journey which will be sent to the Times for publication shortly.

FORM "D"

(Sec. 52)

The Domestic Animals (Municipalities) Act R.S.A. 1955

Sale and Redemption of Impounded Animals

Notice is hereby given under Section 52 of The Domestic Animals (Municipalities) Act that 2 Male Goats and 2 Female Goats, 3 all white, 1 male goat black with white markings, no visible brands were impounded in the pound kept by H. L. Larson, located on the SE 4-46-9-4 on Friday the 15th day of August A.D. 1958, and that the said animals were sold on the 26th day of August 1958, to Geo. Lambert of Irma, Alberta, and that said animal may be redeemed by the owner or on his behalf within a period of thirty days from the publication of this notice in The Alberta Gazette, upon payment of all fees and costs due to the municipality and the purchase of said animal.

For information apply to the undersigned: CHAS. WILBRAHAM, Sec.-Treas. of the Municipality of Wainwright No. 61, Post Office Wainwright.

Glen-Coa Cleanings

Mr. and Mrs. Eric Forsberg and family of Wynne spent last weekend at Withfalls.

Mr. and Mrs. R. Erickson and boys and Mr. E. R. Erickson spent Sunday last in Edmonton. They were making their farewells for the time being to Mr. and Mrs. August Frauenfeld who are leaving shortly for Vancouver. There Mr. Frauenfeld will be taking a special course in welfare work at the University of British Columbia.

Miss Norma Likness and Miss Anita Walters of Edmonton drove to Medicine Hat to spend a few days last week at the latter's home there.

We have experienced the first general rain of the year now. It wasn't too welcome at this time but we trust fine weather will soon follow to dry the sodden grain.

NORTH EAST CORNER

Congratulations to Mr. and Mrs. Eugene Valler on the arrival of their second daughter on Sunday, Sept. 14.

Mr. and Mrs. Paul Nemyo drove to Edmonton to visit Sadie's mother, who is to be out of the hospital by the time this is in print.

Mr. and Mrs. Howard Oldham and girls were business visitors to Edmonton last Friday.

Mr. and Mrs. L. Sanheim and girls visited relatives at Livelong, Sask. on Sunday.

On Monday, Gordie Savard celebrated his 6th birthday with a party for some of his school mates.

Archie Cook and Paul Nemyo were in Edmonton on Tuesday on business.

ALBERT SQUARE DANCE

The Albert Square Dance Club will hold the first square dance of the season on Friday, September 19th.

It was decided to hold regular meetings the third Monday of the month. It was also decided to give a room attendance prize to the class having the largest percentage of attendance throughout the year.

Any parents desiring Vitamin pills are urged to contact either Mrs. C. Smallwood or Mrs. C. Milne before Sept. 30th and order them. They have been ordered so to make sure of your supply please place your orders as soon as possible so you will not be disappointed.

Our next regular meeting will be held on Monday, Oct. 27th at 8:15 and will take the form of a "Meet the Teacher Night," so everyone plan to come and get acquainted with your children's teachers.

SPORTFISHING - This composite picture portrays more eloquently than words the joys of sportfishing in Saskatchewan's South. The photos were taken recently at the "Weir" on Belanger Creek, in the Cypress Hills. Amidst the rugged beauty of this Saskatchewan ranching country, Earle (striped shirt) and Russell Short, of Swift Current, spin cast successfully for brook and rainbow trout. On this day, they were biting on grasshoppers. The more heavily dotted fish shown in the inset photo are brown trout and the others are rainbows. The Short brothers have been happily dedicated to sport fishing Cypress Hills streams for the past 10 years.

Several killed by carelessness

Improper use of small capacity, portable electrical equipment and ignorance or disregard of protective measures are responsible for several fatalities in Alberta during recent weeks, reports the Department of Industries and Labor.

Two of the electrocutions were traced to makeshift connections used in the operation of a small saw and drill. Because no three-wire receptacles were at hand, the operator in each case improvised his own connections. The three-wire cord supplied on the extension cord was replaced with a common two-way cord. When equipment became "short-circuited" there was no ground wire as intended. Expediency of using two-wire connections cost both operators their lives.

Another fatality and near-fatality resulted from careless operation of model planes. The control wire held by operators provided a perfect transmission link when the models struck high voltage power lines. Extreme caution should be exercised by model plane enthusiasts to stay well clear of power lines.

Safety regulations under The Electrical Protection Act require that all receptacles installed where there is more than normal risk of injury through shock shall be of the polarized grounding type. This type provides three points of contact for 115 volt equipment. If installation is properly made, the third contact in the receptacle is connected to ground through a low resistance medium. The same requirement applies to portable electrical equipment for commercial or industrial use.

Small capacity devices designed for domestic use only at present do not come under the foregoing regulation. Proposed revision to the regulations governing interior wiring will require that all receptacles be of a type to provide automatic grounding of equipment frames on connection. Following this revision, all portable electrical equipment and appliances offered for sale in Alberta will require three-wire cords and attachment caps.

To insure maximum safety, electrical equipment should be used with following points always in mind:

1. Make sure that the proper type of receptacle is provided for connection of equipment. Do not

change the connection cap provided so that an ordinary two-wire receptacle may be used. This will do away with the grounding wire, your protection.

2. If it is necessary to install the receptacle for supply of the equipment, make sure that it is properly installed with the grounding terminal grounded in the correct manner. Installations should be made by or under the direction of a qualified person. Error in connection may create the condition it is sought to avoid.

3. If equipment is provided with a two-wire cord and cap only, have a three-wire cord and cap installed when equipment is to be used where the operator may be in contact with ground, or grounded surfaces.

4. Remember that 115 volts can be just as deadly as higher voltages. Treat it with respect. If there are any doubts concerning safety, consult a person qualified to give sound advice.

ONE POTATO MAKES A MEAL

Sixteen ounces or better. That's the kind one potato and tomatoes one Portager is plucking from his garden these days.

H. Hodge of 407 Royal Road north, called into the Daily Graphic newsmen Monday morning with examples of produce he's getting from his garden.

One tomato weighed in at 17 ounces and a good sized one-meal potato weighed 16 ounces. Mr. Hodge said he planted his garden around April 15th. He has had potatoes since early in May and tomatoes since early in June. - The Daily Graphic, Portage la Prairie, Man.

HONEY CROP GOOD IN MANITOBA

The 1958 crop of honey will be less in Manitoba, but is coming on the market with the same high quality of former years. According to Don Robertson, Manitoba Apiarist, late frosts and lack of moisture will reduce the crop. It is expected 2 1/2 million pounds will be harvested which is about 75 per cent of last year's crop. - The Manitoba Leader, Portage la Prairie, Man.

EARLY SHOWING: Perhaps too few of us appreciate how quickly and well, the very newest and best in fashion is made available to Canadian women. All these new and exciting fashions in wool are being made right now in Canada by Canadian manufacturers and will be available in stores across the country this Fall. We've sketched the important silhouettes for you.

FALL FASHION REPORT

by JEAN MILLER

After the great upheaval caused by the chemise, fashion seems to be settling down to its function of producing becoming and beautiful clothes—with the chemise influence continuing in easier fit and graceful fluid lines.

A modified form of the trapeze line appears in coats, suits and a few dresses. The newest shape in fashion, the Directoire, raises the waistline, emphasizes the bosom and is particularly charming in late-day dresses.

Fabrics and colors were never lovelier. Purple is high fashion, followed by soft avocado green, taupe-browns, rich reds and strong blues—and of course black, which is perennially smart. There is a fascinating variety of weaves and textures in beautiful new wools—loped, brushed or velvety for coats and suits—sleek or feather-weight for dresses. The big news is printed wool and wool jersey in every possible pattern and glowing jewel tones.

Coats. Slim and wrapped (or buttoned). Often lavishly trimmed with fox, mink or beaver. Fur collars are very smart again and so becoming with the sleek surface of wool broadcloth or velour.

Trapeze—slender through the shoulders and bust—flaring out in controlled fullness. Fashion's favorite fabrics in this line are wools with surface effects—loped boucles and brushed surfaces.

Scythe—A development of the chemise—flat in front, with back fullness below the shoulders tapering to a narrow hem. This line is most often interpreted in soft, pliable wool velours.

Suits. Boxy straight jackets cropped at the hip-bone or (even newer) at the waistline, over slim skirts in an infinite variety of wool fabrics, from tweed to doekain. Trapeze—short, shaped, but unfitted jackets over flaring or pleated skirts (a la Dior). Very young. Hopnocking or wovens with a hand-woven effect adapt admirably to this silhouette.

Walker—long seven-eighths jacket, trapeze, or scythe-shaped, over a slim skirt. The coat can be worn separately over slim dresses. While coat and skirt are of the same fabric—usually a bulky but light woolen—another possibility is a dress of sheer wool challis under the seven-eighths coat lined with the same colorful fabric as the dress.

Dresses. Chemise continuing in fashion but less extreme. Belts or belted straight at the hips or falling slightly with a flounce or pleats above the knee. Wonderful in wool jersey or feather-weight tweed or plaid.

Blouson chemise—loose unfitted bodice blousing over a slim skirt—many in flower printed light-weight wool.

Jacket dresses—wonderfully versatile with the little cover up jacket—mostly slim with short jackets in soft plain or printed wool for day or cocktail wear. Directoire—slim or loose fitting below a high waistline, set just below the bosom. For late-day wear the directoire fashion often shows a very low-cut neckline, with short, draped, or long tight sleeves. Wool crepe is the acme of fashion for late day wear.

Hats—bigger, beautiful, and more important looking in veils, soft furry fells, fur and feathers. Newest shapes are the Directoire-inspired bonnet, with a plain or bloused crown; casual, becoming Cloche shapes; high straight Toques, and Casques—deep-fitting rounded or cone shaped. Cocktail hats are "abundant in jewelled velvet or lavish with frothing ostrich feathers—enchanteingly feminine.

JAI-ALAI
The game of jai-alai, which means "merry festival," originated in Spain and is popular in Cuba, Florida and Mexico.

SASKATCHEWAN EGGS RATE HIGH IN CNE COMPETITIONS

Saskatchewan, placing in the Canadian National Exhibition Egg Competitions were announced by the Poultry Division of the Sask. Department of Agriculture.

Saskatchewan's seven entries took four from the 1935 harvest and two-thirds in the three different classes. In the Grade A Large (15 dozen) White class, first went to Zenith Poultry Farm, Regina, and John Okro, Balgonie. (To place first exhibitors must obtain at least 27 points for cases, packing material, etc., and at least 65 points for egg interior.) Second in this class went to Alfred Litzberger, Colmer, Sask. (To place second, exhibitors must obtain at least 28 points for cases, packing material, etc., and at least 67 points for egg interior.) In the Grade A Medium (15 dozen box) White class another

Amazing crop

Farmer are now busy harvesting one of the most amazing crops ever grown in this country. One produced on about three inches of rain, which fell mainly in a rainy period the first week in July.

Indications are that the crops will be equal to the long term average and possibly a little better, as the yields have been generally better than anticipated.

The grain is coming off in excellent condition; is a beautiful color and an excellent sample. Grain appears to fill better under dry conditions.

One farmer summed up the situation with these words: "This year's crop has been grown on the rain that ruined last year's."

The country can be truly thankful for the bounteous harvest, considering the conditions it was grown under. Now if Mother Nature will only send copious rains, following the harvest, it will materially improve the prospects for next year.—The Recorder, Reston, Man.

Freak tomatoes

Two tomatoes, grown in the shape of doughnuts complete with holes, were the first of the season's crop of unusual garden produce brought into the freak vegetable editor of the Press.

Grown on the farm of Forest Jensen in the Reform district, both tomatoes were slightly larger than normal but during the process of growth had taken on a squat shape and somehow acquired a hole.—The Press, Wilkie, Sask.

Some 200 species of pollinating weeds, flowers, trees and grasses combine to make summer miserable for hay fever sufferers.

You mean to say—
just 3-a-day may send backache away!

Sounds good! Logical, too! You see the normal job of the kidneys is to remove excess wastes and acids — so often the cause of backache—from the system. Dodd's Kidney Pills stimulate the kidneys in this function and so may bring you that welcome relief from backache they have many others. Try just 3-a-day. You can depend on Dodd's—in the blue box with the red hand.

Delightfully different!

If you bake at home these delicately flavoured, egg finger rolls will add sparkle to your entertaining. Made with Fleischmann's Active Dry Yeast they are a success every time. Serve them often!

EGG FINGER ROLLS

1. Measure into a bowl:
3/4 cup lukewarm water
Stir in:
2 teaspoons granulated sugar
Sprinkle with contents of:
2 envelopes Fleischmann's Active Dry Yeast
Let stand 10 min. THEN stir well.
Stir in:
1 teaspoon salt
1 cup once-sifted all-purpose flour
and beat until smooth and elastic. Cover. Let rise in warm place, free from draft, until spongy—about 1 1/2 hr.
2. Cream in a large bowl:
1/2 cup butter or margarine
Blend in:
1/2 cup granulated sugar
Add, one at a time, beating well after each addition:
8 egg yolks
Stir in yeast mixture and 2 1/2 cups (about) once-sifted all-purpose flour

3. Turn out on floured board; knead until elastic. Place in greased bowl. Grease top. Cover. Let rise in warm place, free from draft, until doubled in bulk—about 1 hr.
4. Punch down dough. Turn out on floured board; knead until smooth. Divide into 3 equal portions; shape each into a 12" roll. Cut each roll into 12 equal pieces and form into fingers about 4" long. Arrange, well apart, on greased cookie sheet. Grease tops. Cover. Let rise until doubled in bulk—about 1 1/2 hr. Brush tops with 1 slightly-beaten egg white combined with 2 tbsp. water. Bake in moderately hot oven 375°, 10 to 12 min. Yield—3 doz.

Favored for Fall

Card of Thanks

Many thanks to all who so kindly sent cards and gifts to me while I was in the hospital. Your kindness will always be remembered. —Colin E. Desjardine

From 1948 to 1957 the average cost of plant and equipment to create one new job in manufacturing in Canada increased from \$6,433 to \$11,446.

Card of Thanks

We want to say a hearty thank-you to all the friends who remembered us with cards, fruit, and cigarettes while we were in Manville hospital. We also deeply appreciate all the help given with farm work, chores, canning, etc. —Dell and Louise Smith.
